

M Large Umbrella

Meissl Open-Air Solutions — Your customized weather protection concept.
We find your solution. Visit our website www.meissl.com

Celebrating outside.
Since 1976.

THE MEISSL M LARGE UMBRELLA

A reason to celebrate outdoors – the Meissl M large umbrella.

The smallest, but no less resilient model in our product range. Available from 3 to 6.5 metres diameter in round, rectangular or individual designs – you name it. As for its technical features, the M is characterised by our design language and styling. This series is available with a manual opening and closing mechanism, as well as sophisticated light integration. An important addition to our product family for smaller requirements.

Special wishes? We've already considered them. The Meissl large umbrellas are available in various series that complement each other flawlessly. These are available in all sizes and shapes from 3 metres to 17 metres diameter. Our largest umbrella covers an area of 225 square metres. The Meissl M Line is available from 3 metres diameter up to 6,5 metres diameter. Get out into your comfort zone – with our Meissl M Line.

DIE M BAUREIHE

Large umbrella in round, rectangular or customised design with up to 29,9 m² of covered area. Made entirely of aluminium with a square profile and manual mechanism for opening and closing. A robust Meissl large umbrella.

Models	Umbrella size	Area covered	Drive
	3 m - 6,5 m	6,4 - 29,9 m ²	manual
	3 x 3 m - 6 x 6 m	9 - 36 m ²	manual
	3,5 x 2,5 m - 6,5 x 4 m	8,8 - 26 m ²	manual

*Custom sizing is available upon request.

THE M LINE

Technical Highlights

User-friendly & functional operation

Operating the M large umbrella is easy and elegant – the umbrella is available for manual operation to open and close.

Light positioning — direct or indirect

Visible lighting elements are a thing of the past: For our Meissl large umbrellas we integrate the lighting directly into the rungs, for a discreet and dimmable look.

Infrared heating for warmth in the colder moments

Our infrared heaters are compatible with all our products. Displaying a fresh design and constantly improved energy efficiency.

Colours, shapes — your choice

You decide which shape and colours you would like for your new umbrella. We will make (almost) anything happen for you.
